

Sport: Notes for Tutors

Worksheet

This resource was designed to be used either as a stand-alone resource which can be sent to beginner learners and done independently or in one-on-one sessions with learners. The answer sheet can be sent to learners after they have had time to complete the worksheet.

One-on-one sessions with learners

Create a picture file of sports and equipment using newspapers and advertising material. These can be used to increase sports vocabulary and to practice speaking and writing.
